intu1:/home/vboxuser# cd Microservices
intu1:/home/vboxuser/Microservices# python3 -m venv venv
A virtual environment was not created successfully because ensurepip is not
available. On Debian/Ubuntu systems, you need to install the python3-venv
package using the following command.

$ sudo apt install python3.10-venv

You need to use sudo with that command. After installing the python3-venv
package, recreate your virtual environment.

$ python3 -m venv venv

Read the documentation for more information.
